Affairs in Cuba are fast reaching a crisis, Messrs. Taft and Bacon having submitted the terms for settling the differences between the Palma government and the insurgents; they found the Cuban elections rotten, recommended the resignation of officials whose offices were vitiated by fraud, but retained President Palma in office——President Palma declined to accept the terms, and will also resign ——Taft and Bacon declare that they believe the conditions demand intervention——Owing to the turn of affairs in Cuba the United tates yesterday ordered 1,500 marines and 3,000 blue jackets to Cuba, which will bring the American force there up to 7,000 men——Troops continue in charge of the situation in Atlanta where the race trouble has resulted in the killing of 18 negroes up to yesterday and the killing of one white man, besides the wounding of many negroes and several whites; yesterday two negroes who resisted officers were killed; a meeting of the citizens of Atlanta, endorsed by the colored clergymen, demanded of the city authorities to close all negro dives and saloons——Thirty-five negro prisoners in jail at Knoxville mutinied yesterday and attacked the jailer and four officers, the result of reading about the Atlanta riot——Booker T. Washington gave out an interview in New York last night in which he gives some good advice to his race concerning the Atlanta riot and its cause——The Democratic State convention of New York met yesterday and was harmonious, but there may be considerable tension today when the nomination for Governor will be made; William Randolph Hearst seems to have captured the convention and it is believed that he will be nominated for Governor on the first ballot; the platform will declare for Bryan and municipal ownership——New York markets: Money on call firm, 4 12 to 5 1-8 per cent., ruling rate 5, closing bid 4 1-2, offered at 5; spot cotton quiet 9.60; flour steady but quiet; wheat barely steady, No. 2 red, 78 3-4 elevator; oats firm, mixed 37; turpentine and rosin steady.

Looks like President Palma, of Cuba, will have to put Taft and Bacon with the insurgent class.

A contemporary says "no man can kick against Bryan's personality."It is not safe to kick against any man's corporosity.

It is said that some Texans are going wild. They'd better put on brakes. Men over here who have been wild can tell them that it doesn't pay.

Probably President Roosevelt has reason to think that Private Secretary Loeb could make as good a President as any of them after the training he has had.

President Roosevelt is making some more history, with Cuba as the subject. How opportunities come chasing each other in that man Teddy's direction.

In the time of trouble like that in Atlanta the perniciousness of works like "The Clansman" is emphasized. Its evil influence is recognized in the efforts to suppress the performance of Tom Dixon's play, scheduled for performances in the theatres at Macon and Birmingham. It is rather inflammatory, especially under circumstances like those in Atlanta.

Adams and Butler are raising a kick for spending more for schools last year than was spent in 1898. If the Democrats don't spend more money for schools next year than they did last year and go on increasing the expenditure every year we could not stand for 'em. We want no "stand still" party when it comes to enlightening the children who are to be the future women and men of the grand old State of North Carolina.

Former Judge Spencer B. Adams and former Senator Marion Butler, in their campaign harrangues, are complaining of Democratic expenditures for school purposes. We can't stand for Adams and Butler. The people of North Carolina ought to be glad to spend twice the present expenditure for school purposes. All they ask is that none of it shall go for graft. (No reflection intended on the Republican party for any previous acts now barred by the statutes of limitations.)

'NARD O'NEILL SHOT AT UNIVERSITY

Popular Young Wilmington Student Seriously Wounded by Freshman at Chapel Hill Early Last Night—In College Infirmary.

Charlotte, N. C., Sept. 25.—J. J. Hatch, a member of the Freshman class at the University of North Carolina shot and perhaps fatally wounded Bernard, O'Neill, a Sophomore, of Wilmington on the campus this evening. O'Neill received a bullet in his right groin and was carried to the college infirmary, where he is in a serious condition. Hatch fled to his room and held off would-be captors with his pistol. Finally he admitted a newspaper correspondent to whom he gave his version of the tragedy, and then, after a talk with President Venable surreendered to the authorities.

Hatch, who is a youth of 17, stated that while crossing the campus in a patch of woods in semi-darkness, a crowd of students caught hold of him and he fired. He betrayed no nervousness over the affair. O'Neill's companions say they were strolling along the campus with no thought of Hatch until they came upon him. He drew his gun and then they caught hold of him to restrain him.

Bernard O'Neill is a son of Mrs. Lottie W. O'Neill, of this city, and is one of the most popular of the colony of Wilmington boys at the University. The news of his wounding reached the city late last night and was received with sincere regret by everyone who knew the manly young fellow and there are many friends who hope that the injuries will not be serious.

GRAND JURY AFTER PRIMARY VIOLATIONS

Large Number of Witnesses Are Summoned Ostensibly to Tell What they Know of Alleged Irregularities in Recent Election.

From the personnel of twenty or more witnesses who were being summoned yesterday on instanter subpoenas, it is clear that the grand jury at the present term of New Hanover Superior Court proposes to investigate fully the alleged irregularities at the recent Democratic primaries in New Hanover. The primary was held, of course, under an act of the Legislature and was therefore legal in every respect, making any frauds perpetrated as fully within the jurisdiction of the courts as if they were committed in the general election, the punishment being fine or imprisonment, either or both in the discretion of the trial judge.

It is known that all, if not quite all, of those at the Fourth ward precinct when the count was made; at least some of those in the polling booth in the First ward and possibly a few of those at Delgado with one or two of the officers who were running in the primaries have been summoned to appear this morning before the grand jury and tell what they know of the alleged irregularities. Of course, the proceeding of the grand jury are strictly under oath and nothing is known as to its deliberations, but from the character of the men who compose it, it may be safely inferred that the matter will be probed to the bottom and that any action will be sustained by the best people of the county. While the grand jury would only make a presentment at this term,

AT WORK ON DOCKET

Few Cases of Interest Disposed of Yesterday in the Superior Court.

SHOCKLEY TRIAL TOMORROW

Special Venire of One Hundred Summoned—Burglary on the Beach Will Be Taken Up Probably To-day—Rapid Dispatch.

There was very little of interest in the Superior Court yesterday though Judge Jones and Solicitor Duffy kept up their rapid-fire pace in the dispatch of business with the result that the docket is now practically clear with the exception of the important cases. The Shockley trial will begin to-morrow morning and a special venire of 100 men is being summoned from which to select a jury to pass upon the issue. To-day the burglary case of Sam Johnston, charged with breaking into the house of another negro on the beach will likely be taken up and disposed of. The grand jury is hard at work and will probably complete its work to-day or to-morrow.

Court met yesterday morning at 9:30 A. M., pursuant to adjournment and the sheriff returned the tales jurors drawn for the day with the exception of Jos. G. Johnson, R. C. DeRosset, J. B. Burton, Robert R. Stone, B. F. Hall, J. A. Hines, Robt. H. Martin, S. S. Bessent and F. G. Dosher, who were not found. W. F. Furpless and Wm. F. Jones were excused by the court.

The following entry was made in case of Ed. Readis and Caesar Bullock, charged with burglary: "Action abates as to Ed. Readis. Nol pros as to Caesar Bullock."

Nol pros with leave was taken as to Harry Smith, charged with an assault.

Cases of John Doe, alias Donelly, Ada Robinson, Caledonia Roderick and Donna Roderick, charged with nuisance, were continued for defendants, bonds to be retained by the clerk.

Allen Wilson, charged with larceny, was found guilty and judgment was reserved.

Samuel Johnson, the negro charged with burglarizing the house of Scipio Small, colored, on the beach, was formally arraigned during the morning and pleaded not guilty. Johnston will be represented by Woodus Kellum, Esq. The case will likely be taken up first thing this morning. Solicitor Duffy had a conference with witnesses for the State after adjournment of the court yesterday evening.

Wallace Johson, charged with larceny, was called and failed, defendant being now on the roads. Capias to issue.

Case of Lonnie Buie, assault and battery on appeal was disposed of by judgment of nisi sci fa and capias.

Wm. Zimmerman, charged with retailing in two cases, was called and failed; judgment ni si sci fa and capias; capias to be stricken out if bond is filed in 30 days.

Robert Moseley, charged with false pretence, was found guilty and sentenced to six months on the roads.

Dave Moore, carrying a concealed weapon; judgment ni si sci fa and capias.

Herbert Larkins and John Lewis Smith, charged with assault with a deadly weapon; fined $10 and $15 and half costs respectively.

Jake Corner, charged with the highway robbery of an excursionist, was found guilty and sentenced to 12 months on the roads.

Wm. McLeod, back costs, motion to discharge granted on payment of costs of sci fa.

Jas. Mills, assault with a deadly weapon; verdict guilty and sentenced to four months on roads.

James McFarlane, charged with forcible entry, was continued for defence.

The grand jury yesterday afternoon came into court in a body and returned a true bill against Lonnie Snipes, charged with the murder of W. L. Williams. The case, however, will hardly be reached at this term.

NEWS OF SHIPPING

British Steamer Westlands Afloat—Cotton Tramps Arrived and Cleared—Notes of the Derelicts at Southport—Memoranda.

The British steamer Westlands, inward bound with cargo of pyrites and which has been ashore down the river nearly opposite Kidder's mill, was successfully floated yesterday by the tug Marion, after having a part of her cargo lightered. She proceeded up to the Carolina Central warehouses where she is discharging. The vessel came off on high tide yesterday afternoon.

The British steamer Naparima, Capt. Campbell, arrived yesterday afternoon, light, from Perth Amboy and will receive cargo of cotton from Messrs. Alexander Sprunt & Son. With the arrival of the Naparima, the British steamer Greatham, Capt. Butterwick, cleared with the second cargo of the staple from this port this season. It consisted of 7,320 bales, valued at $355,400, and is consigned by Messrs. Alexander Sprunt & Son.

There was very little news from Southport yesterday afternoon regarding the wreckage off that coast. Deputy Marshal C. O. Knox went down yesterday morning and took possession of the Norwegian barque which was towed in there by the fishing steamer Wharton. It is probable that the vessel will give bond. Mr. Will Kure is aboard the vessel, representing the libellants. The Luckenbach tugs of Norfolk which have been off this coast since the storm in search of derelicts, returned to the home port yesterday. The Georgetta Lawrence, which was towed in by the Blanche one night last week, is arranging for a tow to Charleston, her destination. The Blanche was out Monday and picked up at sea the masts and rigging of the Norwegian barque which was brought into Southport as referred to above. The property was cut away to save the ship while she was on Frying Pan shoals last Saturday and has been taken to the Ocean Fisheries at Old Brunswick.

The Baltimore steamer George Weems was in port yesterday on her maiden trip here, coming in place of the Frostburg, regularly on this line. The Weems expects to return to Baltimore to-day, the Frostburg having taken her run to Georgetown this week on account of heavy freight to that port.

A DILIGENT INQUIRY

United States District Attorney and Representative of Department of Justice In Washington Here In Adams and Sawyer Case.

Accompanied by United States District Attorney Harry Skinner, of Greenville, Hon. Peyton Gordon, pardon clerk of the United States Department of Justice in Washington, arrived in the city yesterday morning and with Col. Skinner, he is making a very thorough investigation of the merits of the petition recently made to the President for the pardon of Arthur Adams and Robert Sawyer, the two negro mutineers from the schooner Harry A. Berwind under sentence of death in the county jail here. It is understood that the petition is for either pardon or commutation of their sentences as it may appear to the President that the conditions warrant and that the visit of the officials here at this time is to decide which course to pursue, or indeed, whether any action at all shall be taken.

Col. Skinner has been studying the case personally very closely and upon the arrival of Mr. Gordon placed him in possession of all the facts and opened the avenues of all possible information on the subject. Col. Skinner and Mr. Gordon had a number of conferences with persons interested in the facts yesterday and will make his report to the Department at Washington upon his return. Of course, neither of the gentlemen would give out anything for publication as to their impressions of the case and it only remains to be seen what the President will do with all the light placed before him.

SEVERELY BURNED LAST NIGHT

Mrs. H. W. Konig the Victim of a Very Painful Accident.

Mrs. H. W. Konig was very severely burned last night about 9 o'clock at her home on North Fourth street, between Bladen and Harnett, as the result of the overturning of a lamp in her lap from a table by which she was seated doing some sewing while other members of the household were away. Being preoccupied with her work, it is thought that a corner of the garment on which she was sewing caught in the lamp and that when Mrs. Konig went to move it jerked the lamp over upon herself. Immediately that her clothes became saturated with the oil from the overturned lamp, the woman was powerless to help herself and she screamed. Rev. C. W. Kegley, who lives near, and Mr. H. A. Kure, Jr., who was visiting in the neighborhood, heard the frantic cries of Mrs. Konig and with all possible haste they ran to her assistance. Not, however, until she was everely burned from the waist down. In attempting to extinguish the flames, Mr. Kegley had his hands very painfully burned. Dr. W. J. H. Bellamy was summoned and gave Mrs. Konig all the attention necessary. She was resting very well last night but her burns are quite serious

ALDERMEN MEETING

City Fathers Heard Petition of Citizens as to Regulation of Social Evil.

LARGE GATHERING THERE

Decided to Leave Matter In Hands of Committee For Quiet Adjustment Which Appears Satisfactory to All Concerned.

The special meeting of the Board of Aldermen last night to consider the petition of citizens for the suppression of houses of alleged ill fame was of short duration. There was an immense gathering of outsiders to hear any discussion that might develop and not a few in the court room where the session was held were signers of the request that the city authorities take immediate steps to remove the houses at least from the residential section of the city. Mayor Waddell presided at the meeting and all the Aldermen were present, Mr. King having come in late. All discussion was brooked by a statement from Alderman P. Q. Moore, of the Police Committee, who said that the committee had been in conference several times over the problem and that members of the same believed now that they were at work on a quiet adjustment of the matter which he was certain would be satisfactory to everyone, but that the question must necessarily be handled quietly and with conservatism. This seemed to assure the citizens and the Board unanimously agreed to allow the matter to remain in the hands of the committee.

The meeting was slow in assembling on account of the rain and the detention of several of the members, it having been especially desired to have all present. City Clerk and Treasurer Fowler read the signed call for the meeting which set forth that the purpose of it was "considering the petition of citizens regarding houses of alleged ill fame." The paper was signed by Aldermen P. Q. Moore, J. O. Brown and W. E. Yopp. Immediately after the reading Alderman Moore was recognized by the chair and made the statement as given above. The matter was then declared open for discussion but at first the comment was slow in materializing. Mr. Price said there seemed to be quite a number of citizens present and perhaps some of the petitioners would like to be heard. There was no response and Alderman Brown took occasion to refer to the work of the committee and hoped there would be no interference with the plans.

Alderman Johnson arose to a question of personal privilege and stated that the report had been circulated that the houses would have been closed when the question was agitated a little over a year ago but for his objection. He explained his position and read a resolution that he offered at that time.

Alderman Brown spoke up and said that he was the person that Mr. Johnson probably referred to; that he had said in a meeting a few afternoons ago that the houses on MacRae street would have been moved but for the objection of Mr. Johnson at that time. Earnestly he pleaded that the committee be allowed to proceed along the lines it already has outlined. Alderman W. H. Yopp spoke briefly explaining the action of the Board on previous occasions and expressing confidence in the committee and its ability to solve the problem quietly. The report of the Police Committee had been in the meantime unanimously adopted.

The Mayor took occasion to say that the meeting had not been called for the personal explanations of the different members and he hoped the Board would proceed to business; the report had already been adopted. Mr. Price moved that the Board adjourn. Alderman Moore asked the withdrawal of the motion for a minute. The motion was withdrawn and scanning the petition of citizens, he asked Mr. H. G. Fennell if he desired to say anything in reference to the disposition of the matter by the Board. Mr. Fennell stated that the petitioners had every confidence in the committee and would be content to leave the matter in its hands. The motion for adjournment was then put and unanimously carried.

The crowd lingered for some minutes about the hall after the meeting had adjourned and discussed the situation, the chief objection appearing to be not the existence of the houses themselves but in the disorder by those going to and from the places. The Mayor gave all inquirers to understand that the section complained of would be more carefully policed in the future until some action is taken regarding the removal of the houses and the members of the Police Committee expressed themselves in the same manner. The efforts of the committee toward a final disposition of the subject will be directed toward a segregation of the houses in the outlying districts of the city.

After the session of the Aldermen last night, it is understood that about 25 of the crowd of citizens present at the meeting went out Chesnut street and called at the house of Trixie Johnson, which thus far has not been molested by the police, and informed her that the place would have to be closed summarily. Several in the crowd were recognized and the police are investigating the affair, although no violence was offered. This action is not construed to mean that those who visited the house will not abide by any action of the committee with whom the matter was left, but it is rather construed to mean that they mean to hasten the solution, however badly misdirected their efforts may be. The committee is very confident that unless it is left in entire charge of the situation, its efforts will be in vain and for that reason the action of the men last night is discountenanced as well as being declared a breach of the peace.

A NEGLECTED GOLD MINE.

The Charlotte Chronicle notes that Columbia butchers tell the Columbia Record that the people of that State are quite independent of the beef trust, so far as the quality and price of beef are concerned. The Record thinks that conditions ought to be that way but doubts whether the situation is so roseate as the words of the butchers might indicate. "There has been a large and gratifying expansion in the cattle raising industry in this State," the Record says, "but the supply by no means meets the demand. There is room for much wider expansion, and it is hoped that farmers will realize this and enter the business which will prove a sure money-maker. Big packing houses ship cold storage beef from Columbia, alone, to various parts of the State, amounting to hundreds of dollars annually. Every cent in that business could be home capital circulating at home."

The Chronicle adds this:

"The neglect of the rich opportunities of cattle raising in this section of the South is one of the conditions that is hard to explain. There are portions—and large portions at that—of cattle grazing lands in North and South Carolina, that are the equal of the best grazing lands in the West. In respect to an abundant and pure supply of water, they are better. We could name three counties in the western part of North Carolina that could keep every beef market within the limits of the State supplied the year round. Iredell and Caldwell counties have been paying some attention lately to raising cattle for the market. The time is coming when this long neglected industry will become an important element in the prosperity of the South."

Our esteemed Charlotte contemporary is quite correct. There is no excuse for North Carolina's buying a pound of beef produced outside of the State. Some of the finest beef cattle we ever saw were raised in the savannahs, hammocks and canebrakes of eastern North Carolina.

By the way, a few weeks ago we saw two carloads of fine cattle loaded in a South Carolina town for consumption in Charlotte. It was a sight to make us envious of Charlotte, when we remembered how succulent used to be the home raised beef that formerly came to Wilmington from Sampson and other counties—now a thing of the past.

The Charlotte Chronicle says the failure to raise cattle is "A Neglected Gold Mine." That is true. The business was never more profitable than at present.

CAPITAL AND SURPLUS.

The Charlotte Evening Chronicle says:

"The Murchison National bank, of Wilmington, through its cashier, Mr. J. V. Grainger, has submitted a proposition to its stockholders to increase the capital stock from $300,000 to $500,000. It is recommended that $150,000 of the increase be offered to the stockholders at $100 per share and that stockholders be asked to waive their rights to $50,000, leaving same in the hands of the directors for sale at not less than $150 per share, preference to be given new interests. The claim is made that if this proposed increase is agreed upon; it would easily make the Murchison bank's stock 'very much larger than any bank in the State.' This is true, but as a banking proposition, the Commercial National, of Charlotte, which at present leads all other banks in the State, would still maintain its supremacy. The condition of the two banks would then stand as follows:

"Murchison National—Capital, $500,000; surplus, $200,000; total, $700,000.

"Commercial National — Capital, $200,000; surplus, $400,000; total, $600,000.

"Notice the difference between capital and surplus. Any financier would sustain The Chronicle in the contention that the Commercial National would have decidedly the better proposition. Both are splendid financial institutions. We propose to give Wilmington its privilege of blowing on its capital if it will allow us to make a few remarks occasionally about our surplus."

This is a way Charlotte has of taking comfort and it's all right, but just look at the youth of the Murchison National Bank. It was organized in March, 1899, and its growth has been marvelous. However, one of the astonishing and gratifying things to contemplate is the rapid and steady progress of all of Wilmington's banks. We have other banks that set the pace. It shows that Wilmington is a good town for business.

THE STAR'S 80TH VOLUME.

(From the Charlotte Observer.)

The Wilmington Star is just entering upon its 80th semi-annual volume, completing its 40th year. It has a long and honorable career of usefulness behind it, and under the skilful guidance of Major Wm. H. Bernard gets brighter and newsier day by day. Here's long life and continued success to it!

CURRENT COMMENT.

—The sugar and tobacco trusts have already annexed the business of Cuba.—Baltimore Sun.

—A few more receptions like those he received at Charlotte and Birmingham will doubtless suffice to convince Mr. Bryan that ex-Senator James K. Jones was right when he advised him to drop the scheme for federal ownership of railroads.—Savannah News.

—North Carolina folks lead everyeverywhere. In Colorado the new nominee for Lieutenant-Governor, Hon. Elias M. Ammons, was born on a farm near Franklin, Warren county, North Carolina. He has served as State Senator and Speaker of the House of Colorado and is regarded as one of the First Democrats of that State.—Raleigh News and Observer.

—What to do with Mr. Roosevelt after his next term, or his present term, is a problem which has worried the people not a little. A Japanese newspaper apparently solves it by suggesting that the president be appointed the high advisor of the Mikado, but the Mikado may not fancy the idea of being turned into a dummy.—Raleigh Times.

—The experience of many of the tobacco growers and other farmers in this section does not correspond very well with Republican talk about the wonderful prosperity of the farmers. This week's issue of the Danbury Reporter contains an interesting article subject, showing that many tobacco growers are leaving the country and moving to town in the hope of bettering their condition, which in some cases has become very serious.—Winston Sentinel.

—An army officer is credited with saying that it would be impossible to permanently "put down" the Cuban guerilla insurrection unless the reconcentration method was employed. For employing that method we called General Weyler "assassin," "the bloody butcher," etc. Yet it is now recognized as proper military tactics. Such a course no doubt inflicts severe cruelty upon the innocent as well as the guilty, but there is a good deal of hypocracy in shedding a flood of tears over it. War is no polo game. It is exactly what General Sherman said it was. Perhaps even Weyler was not as black as he was painted.—Columbia Record.

—One of the wonders of the industrial world has always been the phenominal thrift of the French peasantry. Since 1880 the depositors in French savings banks have subscribed and paid for $840,000,000 worth of government bonds issued by the French colonies and protectorates, nearly $200,000,000 in city of Paris bonds and $185,000,000 in other municipal bonds and in mortgages and loan companies. The number of depositors has increased from 5,000,000 to 7,000,000. It is obvious that this demonstration in thrift is out of keeping with a popular notion of France as a gay and improvident nation. — Indianapolis Star.

KEELEY CURE DOES THE WORK

Virginia Man Who Was Cured of Liquor Disease Tells How His Misery Was Wiped Away—Permanent-Cured.

The Keeley Institute, Greensboro, N. C.:

Having been an inmate of your Institute and knowing the great benefits I received at your hands, I feel as though I should herald them to the world; that others suffering with that cursed evil, the drink habit, may be cured, as I have been. Perhaps no mortal ever wandered so far away from his God-given opportunities as I, hence the deep and lasting gratitude that goes out from the very depths of my heart to your management for those benefits received. It wiped away the misery and woe that came to my once happy home. It healed a loving mother's almost broken heart. It restored the sweet friendships of former days with my companions and friends of the long ago. It brought back that sweet communion with my intimate and trusted associates of other days. It brought back that prosperity of former days, where want and misery had been galore. It restored me to a former lucrative position in business and infused new confidence into my employer who had occasion to distrust me for want of sobriety. It restored me to the God given opportunity and fitted me again for the many duties that await the upright and honest man, and last, but not least, it brought back that happy peace and bright prospects that await the faithful in this life.

No monument of granite or gold could be more lasting to your memory than the good you are doing for suffering humanity, and eternity itself will only reveal it. I sincerely thank you for the opportunity of aiding this feeble testimony that some victim of that cursed habit may run, read, ponder, and heed.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPIRITS TURPENTINE

—The people of Polk county are alarmed over the prowling of a panther in the mountains.

—It is stated on good authority that another cotton mill will be erected in Wilson at an early date. Out of town capital will be largely interested in the enterprise.

—The Republican State executive committee has asigned former Populist Congressman John E. Fowler, of Clinton, to deliver campaign speeches in Moore, Montgomery, Stanly, Lexington and Cabarrus counties.

—Tobacco sales on the Wilson market continue very heavy. The sales last week reached a million and a quarter pounds, and it is very probable that the sales for this month will exceed five million pounds at the average price of ten cents.

—Red Springs Citizen: Mr. J. H. Myrover, of Fayetteville, speaks at Lumber Bridge next Saturday, at the big meeting which will be held for erecting a monument to the Confederate dead of Robeson county. He found it impossible to fill the appointment at Red Springs.

—Hamlet special, Sept. 24: A negro, Leny Thompson, whose home was in Rowland, was killed in the yards here this morning by passenger train No. 38. He mounted the steps as the train was leaving the station. When near the round house, he was seen to jump off and again attempt to get on, but by this time the train was running at a high rate of speed, and he missed his footing, was thrown beneath the wheels and badly crushed.

—Charlotte special, Sept. 24: J. F. Drinkard who says that his home is in Georgia, has been bound over to court under a two hundred dollar bond for an assault upon a negro carriage driver, into whose neck Drinkard drove a pocket knife while the negro was calling for his fare. Drinkard barely missed a large artery on the left side of the neck. The defendant claims that the negro was talking rough to him and that he would repeat the blow under the same circumstances. Drinkard is a travelling man.

—Washington, N. C., special, Sept. 24: Considerable excitement was caused this morning by the rush up Main street of a wagon containing a wounded negro followed by Dr. Joshua Tayloe running his horse madly. The wagon contained the well-nigh lifeless body of Noah Dunn, a negro who had been stabbed by a woman on the Jacks Creek bridge. Only another case of a woman scorned probably, than which hell has no like fury. The negro's heart was touched by the plunge of the knife and he is not expected to live. The woman has been captured.

—Tarboro special, Sept. 24: Picking pockets is not very unusual in great crowds drawn together by circuses, but in North Carolina the deft fingered gentry are almost invariably foreign to the State. But not so when Cole's circus was here. Charles Kea, colored, had his pocket picked by Harry Smith, another negro, who lives in this very town. Smith also violated one of the town ordinances and is now billed for the roads for about a month, and when this time is out he must give bond to appear at the next term of Superior Court for trial on the carge of picking pockets. He relieved Kea of $4.

—Lexington special, Sept. 24.—Well cleaners in the Nokomis Cotton Mill settlement discovered a well formed girl baby in a well, whose water six families had been using. The child must have been killed at birth and appeared to have been in the water twelve or fourteen days. It was remarkably well preserved and the features were distinct, mutely condemning some unnatural mother. It must have been thrown in the well while yet alive, immediately after birth. There have been no arrests, but the police are busily engaged on the case. Those six families of people are just now total abstainers so far as water is concerned.

—Red Springs Special: Sept. 24: John Wilson, a negro, was shot on the street Saturday night by Nightwatchman W. C. Boahn. He was drunk and disorderly and, while being taken to the guard-house, tried to escape. The officer drew his pistol and fired at him five times, one ball taking effect in the abdomen. The wound is probably fatal, as the negro is growing steadily worse and all efforts to locate the ball have failed. Mr. Boahn is under bond and will have a hearing next week to ascertain whether the shooting was justifiable. Wilson is said to be quiet and orderly when sober, but quite the contrary when under the influence of liquor.

—Charlotte special, Sept. 24: Quietly and with no ado whatever, about one hundred English cotton mill employees have settled in this city during the past few months and an interesting experiment is being tried here in an effort on the part of the cotton mill men of the city and county to solve one of the most perplexing labor questions of the day in the South, the scarcity of help in cotton mills. The introduction of English mill labor into the mills hereabouts is regarded in high favor by many of the mill men while some few declare that it is not satisfactory owing to the fact that there is a lack of harmony between the English employes and their superiors in the mill. This, however, is the only objection so far made.

—Newbern special: Congressman Charles R. Thomas has returned from Pender county, where he has been delivering speeches in behalf of his campaign. While there he was informed of the progress of the Moore's Creek Battle Ground Association for which he secured an appropriation. The object of the association is to erect a monument to the memory of Mary Slocumb and women of the Revolution whose brave deeds in caring for sick and wounded soldiers are matters of historical record and it is the praiseworthy ambition of the people to erect some fitting testimonial to their memory. They will erect a monument of Mary Slocumb on a place of prominence within this battlefield and they desire to make this battlefield a kind of park or reservation dedicated to the heores of Moore's Creek. The residents of Pender county appreciate Congressman Thomas' efforts in their behalf and are working in cooperation with him to accomplish this end.

—Charlotte Observer, Sept. 25: Mr. Chas. A. Wood, of the firm of Harvey & Wood, who will have charge of the Selwyn Hotel, arrived in Charlotte yesterday, coming direct from Boston. He spent a very busy day selecting the furnishings. It was decided that the hotel will be conducted on the American plan, with probably a cafe arangement for special luncheons, or suppers, and after-theatre suppers. The rates will range from $2.50 per day upwards. A limited number of regular boarders will be taken. When the hotel is formally opened it is intended to make the occasion a notable social event in the history of North Carolina. This will probably be about the New Year from present indications, and it may be decided to gie a brilliant new year reception and ball in the hotel's assembly hall.

ANCIENT CLAIM AGAINST STATE

Boston Lawyer in Raleigh Seeking to Recover $121,829 for Work on Cape Fear and Deep Rivers Before War.

(Raleigh News and Observer, Sept. 25.)

In Raleigh yesterday was Judge E. K. Nicholson, of Bridgeport, Connecticut, who spent the day in the office of Treasurer Lacy examining records and establishing the law which will furnish the basis of a brief which he is to file with the Treasurer stating the claim of his client, Judidiah C Payne, to $121,829, alleged to be due by the Cape Fear and Deep River Navigation Company, for which Judge Nicholson thinks the State assumed responsibility by an act of the Legislature ratified in February, 1859.

Today he will file with the Treasurer his brief in which the facts surrounding the claim will be fully stated and will then return to his home in Bridgeport to await further action in the matter.

The consideration on which the claim is founded was work performed by William H. Morrell & Company in operations looking to the opening of the Cape Fear and Deep Rivers to navigation, it being stated that eighty-one miles of construction work was completed by these contractors who were paid in the preferred stock, endorsed or guaranteed by the State by act of the Legislature.

The story of the stock or certificates, is an interesting one. In 1848 when the great era of internal improvements in the State had gotten well underway, the Cape Fear and Deep River Navigation Company was chartered for the purpose of making navigable a waterway down the Deep river to its junction with the Cape Fear and in rendering navigable portions of the latter stream to a point at which it was naturally adapted to river commerce.

By 1853, however, the promoters of the enterprise had discovered that they could not carry out their plans and the company was in difficulties from which the State attempted to rescue it by the act of 1859, issuing certificates for the purpose of paying for the work of construction. These certificates, in various amounts and thirty-five in number, went into the hands of the Morrell Company in payment of the work done by it in acordance with its contract with the corporation.

In two years, however, the war between the States was on and the company and its purpose were well-nigh forgotten.

Afterwards, in the days of reconstruction, the rights of the company and its charter were granted by the State to the famous Chatham Railroad of special tax bond fame, one of the myths of the Littlefield financial pipe-dreams which were floated at the expense of the State.

Still later the old rights and charter of the Cape Fear and Deep River Navigation Company passed into the hands of the Deep River Construction Company and the charter is now the basis of the Cape Fear Power Company, which only recently went into the hands of a receiver after having expended large sums of money in machinery for a power plant at Buckhorn Falls, near Moncure.

After the war and during the encumbency of Governor Holden, the owner of the certificates issued by the State appeared in Raleigh and offered satisfactory proof to Governor Holden of the burning of twenty-three of the thirty five evidences of debt held by him and new certificates were issued to him signed by Holden, in lieu of those which had been destroyed.

These twenty-three certificates bearing the signature of Governor Holden and twelve of the original certificates now comprise the claim which Judge Nicholson is preparing to present, the original certificates and those issued in lieu of those destroyed representing in value about half each of the total amount of the claim.

The present client of Judge Nicholson, Judidiah C. Payne is, he says, a poor woman who is the daughter of one Hubbell, who was the "Company" of Morell & Company, the contractors to whom the certificates were originally issued.

Still Ahead in Low Prices

Our regular prices are much cheaper than any special prices yet advertised. Our goods are NEW. The following shows how and why we do and can undersell.

Discount on account of large purchases, average,	*10 pr. ct*
Discount for cash (we pay cash), average	*10 pr. ct*
Savings of freight on car shipment, average	*5 pr. ct*
Total,	*25 pr. ct*

As you see, we can sell goods at a profit of 25 per cent. and at the same time sell them for just what they would cost us if we bought in small quantities, paid local freight and bought on time. We do not try to make 25 per cent.

Our claim is corroborated by the number of prudent purchasers we send. For June the 1st to the present, we have sold $4,540.21 worth of goods, received more than $3,300.00 in cash. Our books are open for inspection of any doubters. When in need of furniture come to headquarters.

STORM WARNING.

Washington, D. C., September 25, 1906.

Northeast storm warning 3 P. M., ordered for New Orleans, Mobile, Pensacola, Apalachicola, Carrabelle, Ceday Keys, Dunnelon. Tropical disturbance has moved from Yucatan Channel northward over Gulf. Vessels in Gulf and Florida ports should remain at port. GARRIOTT

LOCAL DOTS.

—Mr. F. W. Gerken is at home from a vacation of ten days which he spent in Alabama. He has resumed his position at the Atlantic Coast Line.

—The only case of interest in the police court yesterday was that in which Godfrey McLean, colored, charged with disorderly conduct in Turley's alley, was sent to the roads for 30 days.

—Hon. H. L. Godwin, who was in the city yesterday, left in the afternoon for Southport where he was advertised to speak at a Democratic rally last night. No report of the speaking could be obtained on account of the lack of wire communication.

—Mr. John H. Kuck, one of Wilmington's progressive business men, has purchased the plant of the Hydraulic White Brick Company from Mr. Andrew Smith and will operate it in the future.

—Friends of Mrs. C. F. W. Rehder will deeply sympathize with her in the death of her father which occurred early yesterday morning at his home in Pittsburg, Pa. Mrs. Rehder had just returned from Pittsburg and being unable to reach there in time for the funeral, she will not return.

—A large number of the ladies of the city met yesterday morning at W. L. I. armory and formed committees of assistance for the Light Infantry bazaar to be held the second week of next month. The chairmen of committees are requested to meet and formulate their plans and attend a general meeting at the armory to-morrow afternoon at 4 o'clock.

—Arrangements have been made by the stewards of Grace M. E. church for the beautifying of the grounds around the handsome house of worship at Fourth and Grace streets. The committee in charge is composed of Messrs. J. F. Woolvin, L. B. Rogers and W. E. Perdew.

—Justice Bornemann yesterday tried W. L. Wheeler, John Roberson and his wife, Flora Roberson, charged with general disorder at the place kept by the Roberson's on Second street. They were each fined $5 and costs. John Roberson went to jail; the others paid.

—Reports from Rocky Mount yesterday were that in the wake of the pay train there Monday, several negroes fell out over gambling debts that were due upon their receiving their money and that three and perhaps four were killed in a pistol fight that ensued. The bodies of the negroes were lying close to the track awaiting the arrival of the coroner as the Wilmington train passed through there yesterday morning. The shooting was confined exclusively to negroes.

—Deeds were filed for record yesterday as follows: John F. Shackelford, of Edgecombe county, executor of Julia E. Oakley, to Capt. Walter Taft, for $3,000, property at southwest corner of Front and Queen streets, 66x330 feet in size. Bessie Raynor, guardian of Thelma Raynor, to Harry Z. Clowe and wife, for $10 and other considerations, property on south side of Church, 130 feet east of Second street, 35x66 feet in size. J. H. Moore to Chas. Richters, for $1,700, property under option on Fourth, near Davis street.

THE CURE ENDORSED

Class of Five for Demonstration of Three Day Liquor Remedy Well Pleased.

AN INTERESTING EXPERIMENT

Dr. McKanna and His Patients Centre of Interest at The Orton Yesterday —Period Expires With Men To-Night—An Endorsement.

The demonstration by Dr. J. J. McKanna of his famous three-day liquor cure at The Orton yesterday was watched with interest by a great many. The class of five whom he has under treatment in Room No. 40 and who had been given their liberty the night before, returned promptly at 7 o'clock in the morning and were taken in immediate charge by the doctor. Liquor and beer in abundance was set before them and was partaken of sparingly by some of the patients upon their arrival but after 11 o'clock as the treatment progressed, not one of them could be induced to "have something with me." A little after noon the class went to Delmonico's ate a hearty meal, returning at once to the room and continuing the treatment until 6 o'clock yesterday evening. Each of the patients, upon being discharged for the night, expressed himself well pleased with the treatment and stated that they had suffered no ill effects from the medicines administered and each said he would be back as required for the final day's treatment to-day.

One of the patients whose name is withheld at the request of relatives said: "I can cheerfully recommend Dr. McKanna as being able 'to deliver the goods.' "

J. A. Mote, a third member, said: "I am perfectly confident I am cured."

H. C. Lumsden, a fourth, said: "I think he has taken from me in half a day an appetite I was 45 years in acquiring."

Jordan McIver, the fifth member of the class, said: "I don't think there is any question about its being a cure."

The class will report again "for duty" this morning and Dr. McKanna will complete the course for them to-night. He will then return to his sanitarium at Reidsville, depending entirely upon his patients to advertise the cure. At the sanitarium at Reidsville, absolute confidence prevails and the names of patients or results are not advertised. Dr. McKanna has a number of applications for the treatment, but has about decided to have the patients come to him at the sanitarium as the cure is much more satisfactorily administered there. He had a large number of applications at the hotel yesterday.

Dr. McKanna brought to Wilmington with him a letter of introduction from Mr. Hugh R. Scott, president of the Citizens Bank of Reidsville, to Mr. Chas. N. Evans, cashier of the Southern National Bank, of this city, a former resident of Reidsville. Mr. Evans, in an interview last night, stated that Mr. Scott was a man slow to give endorsements and that he knew from the personal cases cited by that gentleman in Reidsville that the cure must be something wonderful Mr. Evans says that names furnished by Mr. Scott as cured are personally known to him to be those of persons who have been lost to their families and the community for many years. Mr. Evans called on Dr. McKanna yesterday at the hotel and gave him his assurances in every respect.

DEATH OF A. B. RAEFORD.

Remains Sent Yesterday Morning to Fayetteville For Interment.

The remains of the late Mr. A. B. Raeford, who died rather suddenly Monday afternoon as the result of a stroke of apoplexy at his home in this city, No. 616 South Third street, were sent to his former home at Fayetteville yesterday morning for interment. Mr. Raeford was in the 39th year of his age and came to Wilmington from Goldsboro several years ago. He was last engaged with the Southern Distilling Company as a travelling man. He leaves a wife and several children to mourn their loss. The pall-bearers from the residence to the train yesterday were Messrs. W. R. Rhodes, S. W. Ketchum, W. B. Crumpler and C. L. Mason.

The funeral will be conducted in Fayetteville from St. John's church at 10.30 o'clock this morning. Mr. Raeford was once an Alderman in Fayetteville and was a prominent liquor dealer of that city before the county went prohibition.

Wanted, a young man who has had some experience in hand composition and in working on "Dump" in Linotype department. Apply at The Morning Star office. ** 3t.

CORONER TO INVESTIGATE.

Jury Empanelled to Inquire Into Sunday's Killing.

Dr. C. D. Bell, the coroner, yesterday empanelled a jury composed of Messrs. T. B. Carroll, B. W. Dunham, R. H. Reville, F. W. Cornish, T. N. Simmons and Louis Freimuth, and this morning at 10 o'clock at the City Hall will begin a thorough investigation of the shooting of the young negro, Charlie Washington, by Fred Hill, Alias Fields, on North Seventh street, Sunday night. Washington died at the hospital Monday night at 9 o'clock and the body was yesterday brought to the shop of Shaw, the colored undertaker on Second street, where it was viewed by the jury so that the remains may be sent to Navassa this morning for interment.

From the investigation made thus far by Dr. Bell, he says that it appears to be a case of cold-blooded murder. Hill or Fields has not yet been arrested though the police are at work on the case. It seems certain that the negro has left the city.

Wild Rumor of a Killing.

Early yeserday evening there was a wild report on the street that a small white boy had been killed by a companion on upper Market street. Investigation proved that a small boy had been knocked down by another with some instrument but that he was not seriously hurt.

Suburban Car Schedule.

The Consolidated Company has decided to make a change in the suburban schedule. They have decided to put on an hour schedule between Wilmington and the Beach. This schedule goes into effect to-day. Cars will leave town every hour on the hour from 7 A. M. to 11 P. M.; and every hour on the half hour from 6:30 A. M. to 10:30 P. M. The beach car will leave station No. 5 (as far as it goes on the beach) every hour on the hour, which will give passengers ample time to cross the foot bridge in changing cars at Wrightsville. The schedule will be found in detail in another column of this paper.

Southern Electric Moving In.

The Southern Electric Company on yesterday moved into its handsome new building at No. 215 Princess street The place is nicely fitted up with cozy offices in the rear and abundant storage room on the second and third floors. The business of the company will be greatly enlarged in the new place of business and all kinds of electrical supplies, etc., will be carried.

—Plainfield (N. J.) Press: "H. de W. Rapalje, formerly of this city, but now with the engineering department of the Carolina Trucking Development Company, of Wilmington, N. C., is spending his vacation with his parents in this city. The company is doing a very extensive work in developing land in and near Wilmington and an exceedingly prosperous future is predicted for that part of North Carolina."

Six Per Cent Mortgages.

Mortgages are a class of securities by themselves; their values are not dependent upon publicfranchises, nor are they subject to legislative attack or official investigation; neither is their value depreciated by aggressive competition or corporate mismanagement.

Many of the largest and most conservative life insurance companies in the world invest largely in mortgages, as experience has taught them that this is one of the safest and most profitable ways to invest money.

WARNING TO NEGRO PEOPLE

Booker T. Washington Speaks About Awful Race Trouble In Atlanta.

CRIME 'GAINST WHITE WOMEN

Denounces It and Declares That Laws Against All Criminals Must Be—Enforced—Folly for Negroes to Retaliate.

(By Wire to The Morning Star.)

New York, September 25.—"As a rule I never discuss the matter of mob violence except when I am in the South, but in this case I make an exception," said Booker T. Washington, referring tonight to the race riots in Atlanta.

"In answer to many requests I will state that in my address in Atlanta to the National Negro Business League, a few days ago I spoke plainly against the crime of assaulting women and of resorting to lynching and mob law as a remedy for any evil. I feel the present situation too deeply to give any extended utturance at this time except to say that I would strongly urge that the best white people and the best colored people come together in council and use their united efforts to stop the present disorder. I would especially urge the colored people in Atlanta and elsewhere to exercise self control and not make the fatal mistake of attempting to retaliate, but to rely upon the efforts of the proper authorities to bring order and security out of confusion. If they do this they will have the sympathy of good people the world over.

"Let me repeat that wherever I have met them, without exceptions, I have found leading colored people as much opposed to crime as the leading white people. We of both races must learn that the inflexible enforcement of the laws against all criminals is indispensible, and in this I will do my utmost to have mf race co-operate.

"The Atlanta outbreak should not discourage our people but should teach a lesson from which all can profit and we should bear in mind also that while there is disorder in one community there is peace and harmony in thousands of others."

SITUATION IN CUBA MAY DEMAND FORCE

(Continued From Page Eight.)

situation.

Although army officers seem to regard the intervention of the United States in Cuba as inevitable it is not believed that the army will take any immediate part in bringing about peace.

No order looking to the mobolization of troops have been received at the War Department.

Intervention Certain.

Havana, September 25.—It is declared on very high authority that American intervention in Cuba is certain. Furthermore it is expected that the proclamation of intervention will issued from Oyster Bay.

Ready to Send Army.

Oyster Bay, N. Y., September 25.—Plans for the transfer of troops from the United States to Cuba in the event of the failure of Secretary Taft,'s mission to bring about a peaceful solution of the trouble in the island republic, have been completed.

The final step was taken today, according to an announcement made here tonight, when the transport Sumner now lying at the New York navy was put in commission. The Sumner is in readiness for the immediate embarkation of troops. Negotiations are already under way for the acquisition of merchant steamers to be used as transports.

That the events of today as told in the press dispatches have hastened plans which have been long in preparation, seems apparent. Additional warships will reach Cuba within a few days and will be ready to land marines if necessary long before the regular troops now awaiting orders can be moved. Should armed intervention come these forces will undoubtedly form the vanguard of the invading army.

KU KLUX KLAN BROKEN UP.

Was Organized in Augusta to Call on Negro Preacher.

(By Wire to The Morning Star.)

Augusta, Ga., Sept Sept. 25.—The police today discovered a secret organization of Ku Klux in Augusta and broke it up. Detectives found in a job printing office literature privately printed for the organization, and on investigation found that a local tailoring establishment had made gowns and other regalia for the band. The literature and gowns were confiscated, the former being destroyed. A number of the young men connected with the organization were arested and placed under bonds. It was the purpose of the KuKlux to make their first visitation tonight on White, the negro preacher-editor, who left the city this afternoon.

After having been mysteriously warned that he must leave Augusta on account of incendiary publications in his paper, a negro journal, the Georgia Baptist, W. J. White, a negro preacher, today notified Mayor Allen that he would get out of Augusta and never return. He left on the midday train and his paper is not to be published any more. White has several times in the past been the cause of incipient disturbances between the races by articles in his paper, and a few years ago was saved by a prominent attorney from injury and his office from destruction by a mob who had surrounded it with the intention of applying the torch.

WILL DISMISS ATLANTA NEGRO.

Postoffice Employe Furnished Negroes With Ammunition.

(By Wire to The Morning Star.)

Washington, Sept. 25.—The Postoffice Department has taken cognizance of the case of J. L. Price, the negro in charge of the station in South Atlanta whom, it is reported, has been arrested charged with supplying ammunition to the blacks. An investigation now is under way and if it be true, as alleged, that Price has been taken into custody on the grounds stated, and is convicted, he will be dismissed from the service of the government. The practice of the Department universaly has been that employes committing offences involving arrest and conviction are removed from their positions. A report has been called for from the postmaster at Atlanta, and until it is received no action with regard to Price will be taken.

THE COTTON MARKET.

New York, September 25.—The cotton market was not quite so active as yesterday but ruled firm and closed steady at a net advince of 8 points on the general list and 17 points higher on September. Sales for the day were estimated at 200,000 bales.

The opening was steady at an advance of 4 to 6 points on better cables than due, reports of smaller southern spot offerings, and this favorable weather news. Prices continued to advance during the session on covering of shorts who were rendered quite uneasy by the predictions that a West Indian storm would reach the Gulf coast tonight or tomorrow, and at one time the active months were some 9 to 11 points higher. Realizing set in at this level and in the afternoon the market reacted several points from the best, although there was no change in the general character of the news. The big weather map showed light showers generally over the South and the detailed reports later in the day indicated quite heavy precipitations at some points, notably in the Galveston district. Private advices were received claiming that the rain was damaging open cotton.

Spot cotton closed quiet; middling uplands, 9.60; middling gulf, 9.85; sales, 21 bales.

SITUATION IN CUBA MAY DEMAND FORCE

Taft and Bacon Decide That Palma Government Must Go—Palma and Adherents Indignant—Will Resign.

(By Cable to The Morning Star.)

Havana, September 25.—1:30 P. M.—Secretary Taft and Assistant Secretary of State Bacon informed the Associated Press this afternoon that they were thoroughly disgusted with the petty methods of the government leadership, and the American commissioners admitted that they had practically abandoned hope of bringing peace from the turmoil now existing. Secretary Taft said:

"The government officials, instead of co-operating with us to save the Republic, have restorted to every kind of obstruction with the object of continuing their control of the administration. President Palma and his advisers have rejected terms of peace which were honorable to them, though in the form of a compromise with their opponents. We are still striving to arrange a settlement and we trust the American people will give us credit for doing everything possible to accomplish a settlement without resorting to force. I can not say that we are hopeful, for I have never known a more disgusting situation. Investigation convinces us that the elections were thoroughly rotten. We do not want to intervene but the conditions may necessitate it. Our representatives show that the insurgent commanders have lost control of their forces, which we know lawless bands that at any moment may loot and burn. The situation seems to demand the use of force."

The Americans commissioners have decided not to keep their engagement to revisit President Palma, because of his attitude today.

Secretary Taft added that the terms agreed upon retain Palma as President but he had listened to the bad counsel of his cabinet ministers, who were less fortunate.

The situation here has been cabled to President Roosevelt.

Palma Will Resign.

Havana, Sept. 25.—At the close of a meeting of fifty of the Moderate leaders held this evening it was announced that President Palma, vice-President Mendes Capote and Moderate Senators and Representatives would all resign their offices and that possibly President Palma would call Congress tomorrow and place the resignations in its hands.

President Palma declined the request this evening of the correspondent of the Associated Press for an interview. It is known, however, that he contemplates a special session of Congress to which he will send the resignations of himself and Mendez Capote.

All the Moderate palace officials concede that intervention is at hand. They appear perfectly satisfied with that course as against delivering the government of the island to their adversaries.

Mendez Capote was directed to advise Messrs. Taft and Bacon that the Moderates refuse the proffered terms.

Secretary Taft sent the written conditions to Senor Mendez Capote, as president of the Moderate party, for consideration by himself and Senor Dolze, president of the Senate. The Secretary urged Mendez Capote to give him an answer today.

Senator Zayas, the Liberal leader, informed the Assocoated Press today that yesterday there were nine points of difference between the Liberals and the American commissioners but he regarded these as being easily adjusted. This morning Mr. Taft revised the terms decided upon in order to meet the desires of the insurgents and Senor Zayas took a draft of them to the presidio to be considered by the whole committee.

This afternoon Senor Zayas informed the Associated Press that there were two main points upon which the Liberals must insist, one of them being a practical form for the dissolution of the armed forces and the other being general amnesty for all participants in the revolution.

Roosevelt Appeals to Palma.

President Roosevelt has cabled to President Palma appealing to the latter's patriotism to accept the terms suggested by Messrs. Taft and Bacon as being the only conditions under which calm political conditions could be restored.

The letter sent by Messrs. Taft and Bacon to President Palma and the members of the cabinet was lengthy and carefully and diplomatically worded, with the intention of arousing the Cuban President's co-operation in a settlement on the terms suggested, through appealing to his patriotism. Besides, setting forth the terms of the proposed agreement, the commissioners expressed the warmest appreciation of President Palma's well known life ambition, that Cuba continue an independent republic, and appealed to him to do all possible to aid the peace commissioners in carrying out the task set them by President Roosevelt.

President Palma has called a special session of Congress for Friday, when he will present the resignations of himself and Vice-President Mendez Capote. The Moderates, however, will not attend that session of Congress, for in their hurriedly called national Moderate assembly this afternoon they decided unanimously simply to quit forthwith. They will not even attend the approaching session or have anything more to do with the government of Cuba, alleging that they have been unjustly treated by President Roosevelt's commissioners. This determination is taken by Messrs. Taft and Bacon, however, as another indication that the leaders, since they can no longer control the government themselves, are determined at whatever cost, that the Liberals shall not now or hereafter obtain control.

At the conclusion of the Moderate assembly this afternoon Vice-President Mendez Capote called on the American commissioners and declared that he had been instructed by the Moderate national assembly to draft a reply to Secretary Taft's letter to President Palma in which peace terms were suggested.

Mendez Capote said further that the entire body of Moderates in both Houses, as well as the entire Liberal national or Nunez party, would refrain from attending the extraordinary session. As the Moderates and the Nationalists comprise more than two thirds of each house there will be no quorum. This will block action and prove that the structure of constitutional government no longer exists.

More Forces for Cuba.

Washington, Sept. 25.—Fifteen hundred more American marines were ordered to Cuba today by the Navy Department. Five hundred marines from the Atlantic fleet will sail tomorow on the battleships Indiana and Kentucky from Provincetown, Mass., eight or nine hundred marines will sail on Thursday from Boston, Norfolk and Philidelphia, and the remainder will probably leave New Orleans for Havana on a Morgan Line steamer scheduled to leave there Saturday.

Orders were first issued for 1,000 marines from the various stations along the Atlantic coast to proceed to Cuba, but following dispatches from Secretary Taft indicated that he has little hope of amicable settlement of the troubles in Cuba, 500 additional marines from the North Atlantic fleet were instructed to prepare for Cuban service.

In addition to the marines there will be nearly 2,000 more blue jackets sent to Cuba. As there are now 1,200 marines in Cuba and over 3,000 blue jackets, when the vessels sailing this week arrive in Havana the United States will be ready to land a force of more than 7,000 on Cuban soil. The American warships which will sail on Thursday will be the cruiser Brooklyn now at League Island navy yard, Philadelphia, the battleship Texas which is being repaired hastily at the Norflok navy yard, and the converted cruiser Prairie which is at Boston. The Prairie will carry marines from Portsmouth, N. H., Boston and Newport.

On the Brooklyn and Texas will be marines from the New York navy yard, from League Island, Port Royal, S. C., Annapolis, Washington, Norfolk and New Orleans marines. The cruiser Columbia, on which will be Secretary Root who is returning to this country from Colombia, will be available for the transportation of troops after his transfer to a smaller ship at the mouth of the Potomac.

Both naval and army officers seemed to lose all hope of a peaceful settlement of the Cuban difficulties after the receipt of dispatches today announcing that Secretary Taft is more discouraged over the situation and because that force must be used to restore peace in Cuba. Brigadier General G. F. Elliott, commandant of the marine corps, was in conference many times during the day with Acting Secretary Newberry, of the Navy Department and Admiral Converse, chief of the bureau of navigation. Solonel William W. Witherspoon, of the general staff of the army, and several other army officers connected with the general staff, were in consultation with Admiral Converse and other prominent officers in the Navy Department.

So far preparations for trouble which may come in Cuba have been largely carried on by the navy, but today more than any previous time the army shared the activity of the Navy department and the military secretary, Major General F. C. Aainsworth, and the chief of staff, Brigadier General J. Franklin Bell, were in conference much of the day and summoned many other members of the general staff to discuss the Cuban

CAPTURED BY WM. R. HEARST

New York State Democratic Convention Will Nominate Him for Governor.

WILL ENDORSE WM. J. BRYAN

Opinion Is That Hearst Will Win on First Ballot—Platform Will Declare For Municipal Ownership—Controled Committees.

By Wire to the Morning Star.

Buffalo, N. Y., Sept. 25.—The Democratic State convention tomorrow will nominate a Governor and a full State ticket at a session which may go through with all the smoothness that characterized the first brief session today. In less than half an hour today all the preliminaries of temporary organization was disposed of. Lewis Nixon, of New York, the temporary chairman made an appeal for harmony which was applauded more than any other utterance.

There is a tension among the delegates tonight, however, and there may break tomorrow a storm to sweep away the structure which was builded today after many hours of earnest conferences on the part of the party leaders who are trying to find a common ground where, temporarily, at least, the Democracy of the State may pitch its tent and hope to withstand the tempest of the coming campaign.

According to the concensus of opinion tonight William R. Hearst, of New York, who already is the nominee of the Independence League, will probably be nominated for Governor on the first ballot. Along with Mr. Hearst, it is said, the convention will name W. Stuyvesant Chanler, of Duchess county, for lieutenant governor, and John S. Whalen, of Monroe, for Secretary of State.

Both Mr. Chanler and Mr. Whalen are also in the Independence League ticket.

In announcing their decision to support Mr. Hearst, a number of Democrats here declared that they had reached this decision not because of any conversion to all the ideas of government, which Mr. Hearst represents, but because they feel that under the existing circumstances he is the strongest candidate the convention has before it.

Mr. Hearst is generally conceded to have gained three important committees appointed at the first session of the convention, the committees on contested seats, which will decide contests in twenty districts, involving sixty votes; the committee on platform and relations, and the committee on permanent organization.

The platform, agreed upon late tonight by a sub-committee of six appointed from the full committee will contain a plank declaring for municipal ownership under certain conditions, and, it is stated will endorse William J. Bryan in a general way.

The candidacy of District Attorney Jerome was practically withdrawn today at an adjourned meeting of the Albany conference of anti-Hearst Democrats. Mr. Jerome has let it to be known pretty generally that he had entered the fight in the hope of defeating the nomination of Mr. Hearst and if this was accomplished he was satisfied.

At the conference to which Mr. Jerome was a party today, it was decided to appoint a committee to ascertain whether or not the anti-Hearst sentiment could not be centered upon either Mayor J. N. Adam, of Buffalo, or Justice Gaynor.

NEGRO PRISONERS MUTINIED.

Attacked Jail Officers Because of Atlanta Race Riot.

(By Wire to The Morning Star.)

Knoxville, Tenn., Sept. 25.—Thirty-five negroe prisoners, including 18 murderers, two of whom are sentenced to die, rebelled against the jailer at the Knox county jail last night, refusing to go from the corridor into their cells. For two hours they kept the officers at bay.

Although inclosed by bars four of the officers were cut with bottles thrown by the prisoners and C. A. Reader, Jr., aged 12, son of the sheriff was slightly cut. The jailers turned the hose on the refractory negroes but this frenzied them. The negroes finally captured the hose and turned it on the officers and then attacked the latter with bottles, plates, cups and saucers and with broom handles on the end of which open knives were fastened.

Three of the officers were hemmed in by the negroes and had to draw their pistols in order to get out of range of the bottles. The arrival of the sheriff and police finally quelled the negroes. The trouble is said to have resulted from the negroes' reading of the Atlanta riot.

DEATH ROLL TWENTY DURING ATLANTA RIOT

Seventeen Negroes Were Killed and One Lynched. Troops Still Control Situation—Citizens Demand That Negro Dives Be Closed.

(By Wire to The Morning Star.)

Atlanta, Ga., September 25.—The known dead, who have met death in connection with the riots here since last Saturday night number one white man and 18 negroes. To this number might be added the name of Mrs. Robert P. Thompson, an estimable white woman, who dropped dead Monday evening as two negroes were shot and beaten in her sight. The dead:

White.

County Policeman James Heard, killed in South Atlanta Monday.

Negroes.

Marshal Carter, 13 years old, killed in fight with another negro Monday.

Clem Rhodes, killed in South Atlanta Monday.

Sam Magruder, wounded Monday, died Tuesday.

Frank Fambro, killed Monday.

Annie Laurie Sheppard, killed Saturday.

Gentry Welsh, killed in Cuban pool room Saturday.

Milton Brown, killed Saturday.

Frank Smith, killed Saturday.

William Marion, killed Saturday.

Zeb Long, lynched at East Point Monday.

William Moreland, killed by police Tuesday.

James Fletcher, killed at same time and place.

Unidentified negro man killed Monday, body in undertaker's establishment.

Five unidentified bodies.

This, the third day of Atlanta's race war, has passed without serious disturbances. Rumors literally by the hundreds have been brought to the attention of the authorities and to the newspapers, but in not a single instance up to 4 o'clock this afternoon had any of the stories been verified. Specials sent to outside papers have been reflected in inquiries to local newspaper men; it was reported that fifty negroes had been killed here and that the local papers and press associations were either being censored or were suppressing facts. Every bit of information that could be gathered and verified, has appeared in the local papers; nothing has been held back from the local or the outside world that would be of interest and that has been proven true. The papers here have united in an agreement to print only established facts and to issue no more specials on the riots.

The spreading of wild reports in almost every part of the town has added greatly to the task of the military, for every rumor has been investigated either over telephone or by personal visit of the military officers.

Following the arrest of 257 negroes at Brownsville, including Clark University, early today and the detention of about one hundred of these in the county jail, the feeling prevailed that at least peace had been restored by a strong show of authority. Almost simultaneously two negroes were killed in another and distant part of the city by three policemen who had been sent to stop the shooting.

The main events during the day have been the ordering into the city of four companies of State militia from outside points, Governor Terrell saying the order was given as a matter of precaution rather than from any pressing necessity. The gathering of a large representation of business and professional men at noon called for vigorous action by the city legislative authorities regarding negro dives and saloons. Resolutions were adopted demanding that these places be closed and kept closed perpetually. In these demands the leading negro clergymen of the city united in promising their support of all measures for thecommon good and their influence with their own people. They asked the protection of the authorities for the innocent of their own race, as for those of the whites. They were given a vote of thanks for the stand they had taken.

Later in the day another meeting of the white citizens was held at the call of President Sam D. Jones, of the Chamber of Commerce.

The saloons have been closed all day and will be until further notice.

There is an increasing scarcity of negroes in the factories, stores and offices, in the postoffice and with the telegraph companies. Hundreds of Atlanta homes are without their regular cooks and ice deliveries are conspicious by their rarity.

The outlook for tonight following another day of comparative peace, was regarded favorable for quiet.

ATLANTA MOB CONDEMNED.

Whites and Negroes Meet and Raise $3,600 for Sufferers.

(By Wire to The Morning Star.)

Atlanta, Ga., Sept. 25.—A law and order mass meeting was held late this afternoon attended by representative people of both races, at the court house, which was filled to overflowing. A fund of $3,600 was raised for the benefit of the victims of mob violence and a committee of five appointed to push the relief work to a generous completion.

A committee on resolution were chosen of which Hon. Clark Howell, editor of the Atlanta Constitution, was made chairman. This committee reported the following resolutions:

"Resolved, That this meeting composing of the members of the Chamber of Commerce and other law abiding citizens, does solemnly protest against the spirit of lawlessness that has tarnished the fair name of our city and led to the commission of crime.

"We denounce the cowardly and brutal murder of innocent people and the wounding of others and we call upon all good men to life up their voices for law and order and use their influence to check the riotous spirit that is abroad in the community.

"We deplore the crime of both races which has been committed by their worst elements and we solmnly protest that mob rule is the worst evil that can afflict society, for it carries in its train all the crimes that human beings are capable of and if it is not checked will lead to destruction of government itself.

"We call upon the authorities of our city and State to crush anarchy with an iron hand and spare neither expense nor force to do so.

"We demand that the authorities spare no effort to put a stop to the assaults on our women. If it takes more men or more money to do it that the authorities act accordingly. Our womanhood must and shall be protected.

"It is not right nor just for the sins of the guilty and the events of the past few days prove beyond doubt that it is the innocent of both races that are made to suffer as the result of the mob to avenge the distardly outrages that should be and must be punished by law.

"We further declare that it is the duty of our city to care for the sick and wounded of both races and to bury the dead, and we pledge our willingness to assist the authorities if needed.

"Where government has not been able to protect life the common instincts of humanity demand that it at least care for the victims of violence in sickness and death."
